▲ WEAR SHEARLING

A fur- or shearling-lined collar is the new frontier for denim or leather jackets this season, and it's a nod to the '70s. Wear over anything from Henley T-shirts to a thin turtleneck. Remember your earthy tones – brown is a fail-proof option, and looks rich against shearling. That applies to layering pieces, pants, and even shoes.

MIDNIGHT IN PARIS

In the glare of
headlights, amid
the pounding
beats of a club...
there's something
undeniably
electrifying the
moment night
truly begins.
