NO NEED TO BE SQUARE

Check doesn't have to be formal or punk rock only. It can also be preppy, as it was in the US in the '70s where it was seen as a symbol of privilege (think preppy chic). Trousers paired with sporty or casual separates will make you look suave and innovative. GG

BY INVITE ONLY

Velvet is debonair, especially if the event is formal and runs into the evening. If Arnie Hammer can look dapper in a burgundy velvet suit, so can you. The luxurious fabric is perfect for chilly evenings, and the blazer can be worn with anything from formal attire to jeans and a tee. We've styled the suit with a white dress shirt, replaced the tie with a cravat – and added patent shoes. Want even more swag? Pair it with a striking pair of shades.

ROCK THE BIG DAY

You need a tuxedo, a formal white shirt, a bow tie, and patent shoes. Take note: the fit of your suit must be impeccable, your dress shirt must be a crisp white, and your accessories should be subtle. A tux is a safe style choice for a groom and his groomsmen, because it's a classic look that works for almost any kind of body shape. A white tuxedo jacket with a pair of black trousers is also a wedding-appropriate take on the black-tie dress code. The unbuttoned shirt collar adds some subtle visual edginess.

NAIL BEST DRESSED

A beach wedding is the one time you can get away with a suit and sneakers combo. If you are sure about the dress code, ask the groom what they're wearing and take your cue from the man of the moment. Remember – flip-flops are never an option, though leather sandals can work. Choose lighter shades: darker colours absorb sunlight, while lighter colours bounce it back, so you won't bake. You'll also want to wear breathable fabrics such as cotton or linen. If it gets too hot, take off the blazer – the tailored pants with the woven belt look smart enough to wear on their own.

CONQUER THE CASUAL AFFAIR

You don't always need a suit. Tailored separates, on the other hand, have the contrast between the crispness of a shirt and the softness of a chambray shirt adds a casual edge and complements the minimalist appeal of the navy chinos. A pocket square is all you need.

Wedding Special

Crack Any Wedding Dress Code

Regardless of whether you're the groom or a guest, here's our guide to making sure you make a big impression on the big day.

BY AZKEZ JACOBS

» Got a wedding date? If you're the groom, you need to keep your look timeless; but when you're a guest, your focus is on standing out (for good reason), and celebrating like a professional. While the promise of an open bar and a merry band of single bridesmaids is enough to rhysoy that focus, don't neglect your outfit plans: skip the ill-fitting polyester suits, and use our next eight pages for inspiration. "Best-Dressed Guest" is the title you deserve to win.
