POPPY KAIN Dressing up iconic pieces

I chose the very first outfit to hit the catwalk from Raf Simons' debut collection at Calvin Klein. It's not just the coolest look of the season, but a piece of fashion history. Simons has revitalised this iconic brand, blending minimalist house codes with classic Americana.

When a look is this strong, accessories have to step up. Look for pieces that are beautiful objects in their own right. Keep the lines clean and sharp – a fussy, overly feminine bag would kill the effect. A sleek envelope clutch by Dries Van Noten, or shoulder bag with punchy, red detailing work well. Don't weigh down this look with too much jewellery. These sculptural silver ear cuffs by Charlotte Chesnais – which mirror the Calvin Klein metal-tipped cowboy boots – are all that's needed.
