THE WET LOOK

This relaxed and simple look is great for summer. It comes in colour 1 or 2 and can be worn in one length or in layers, making it versatile and convenient. The hair is full of volume and movement, but if you want to switch your look, simply spray with water for the effect shown here. After about an hour, the hair will return to its natural wave pattern. You can also flat-iron this hair to create a sleek, smooth look which will return to its original wave pattern after every shampoo and condition.

Pure Wavy 14", R3 230 per tube.
You'll need two tubes for a full-head installation.

NATURALLY ME

This 100% Indian Remy hair is from South-East Asia. To style it, use a curling iron at a low temperature to blend with your natural hair or define the curls. To revitalise the curl pattern, simply use a paddle brush to detangle, distribute product or spritz with water, scrunch and let it air-dry. To maintain this hair, invest in a mousse, light oil or curl-defining crème. Remember, curl-defining products are more effective when applied to wet hair.

Tip: Keep styling products to a minimum to prevent weighing down the hair.

Indique SEA Fiji Curl 16", R1 740 per tube. You'll need two tubes for a full-head installation.
