THE TENNIS SWEATER

This style was invented in the US and worn by tennis champions like Malcolm D Whitman as early as 1902. It was most famously worn by the Prince of Wales throughout the '20s. The V-neck style became popular in the UK and the US during the mid '30s. Today, we wear it casually with designer track pants.

THE TRACK JACKET

Like so many things in menswear, the track jacket also finds its origins in the world of sporting. The style was invented in the '60s, worn primarily by athletes, but then brought to market by adidas in 1968. The full tracksuit became a popular staple in the '70s, mostly thanks to pop culture phenomenon like Bruce Lee. It then became a symbol of hip-hop culture in the '80s. Track jackets today come in a variety of exciting new print and textile variations. We like ours oversized, worn with a printed tee over jeans, shorts or even suit pants.

THE VARSITY JACKET

In the 19th century, American universities issued sweaters or cardigans to their athletic teams to help distinguish them from other sports or rival universities. In the '30s, the sweater style was replaced by the cotton jacket with contrasting leather sleeves, known then as the varsity jacket. The practice of sewing letters carried over to this style, giving birth to the letterman jacket. Today the style has evolved from collegiate to athleisure, often with the body of the jacket being made from a rich silk or satin with an animal embroidered on the back. It's a statement piece, so keep it simple by pairing it with a tee and jeans, or a printed suit trouser and a pair of designer kicks.

THE SUIT OF LIGHTS

Inspired by the flamboyant costumes worn by 18th-century dandies, the Chaquetilla was an essential component of the *trajes de luces* (suit of lights) worn by Spanish bullfighters. Today's styles aren't cropped, but much of the formal detailing, and use of a reflective silver and gold weave, remains. The style has also influenced formal evening attire in the form of sequin or brocade detailing. Today, we wear them in lieu of a traditional dinner jacket. Take it a step further with a ballet-wrap style waistcoat.
