#### BOBBY-PIN COVER-UP

Cover your natural and relaxed hair with this easy hairstyle. Brush the hair upwards and tie it into a ponytail. Lay a long length of a straight hairpiece on the front of your hairline and pin it, then continue wrapping the hairpiece around your entire hair while brushing the hair flat and pinning it securely. This creates the illusion of flatness all around. Finally, add different coloured bobby-pins to the front of the style as accessories.
