LENGTH

Hair grows, on average, 3cm a month and breakage occurs due to dehydration, heat and harsh weather. Trim your ends regularly to promote growth (this tricks the hair into growing a little faster.)

Applying a small amount of oil to damp hair before blow-drying will give it a sleek and glossy finish

13 THE SALON-WORTHY SHEEN

If your hair is lacking lustre, then what you need is a nourishing oil. We love the lightweight Dr. Miracle's Follicle Healer Energizing System Hydrating Oil, R76,95 for 65ml, which is enriched with tea tree, jojoba and castor oils to leave hair luminous and moisturised. [w&h](#)
